

CORPORATE PROFILE

BUILDING THE FUTURE OF SRI LANKA

RR CONSTRUCTION (PVT) LTD

30+ Years of Engineering Excellence • ISO 9001 • ISO 14001 • ISO 45001

ABOUT US

Established in 1995, RR Construction (Pvt) Ltd has grown to become a definitive benchmark for civil engineering excellence and infrastructure development in Sri Lanka. With over three decades of experience, we specialize in delivering large-scale, complex infrastructure projects across the nation.

30+

YEARS EXPERIENCE

1,800+

100+

COMPLETED PROJECTS

Our Vision

To establish RR Construction as the definitive benchmark for civil engineering excellence and infrastructure development in Sri Lanka.

Our Mission

To deliver outstanding engineering solutions through continuous improvement, resource optimization, and a commitment to our core stakeholders.

Our Core Values

- **Engineering Excellence:** Striving for technical superiority in every project.
- **Integrity & Transparency:** Conducting our business with absolute honesty.
- **Quality:** Uncompromising commitment to ISO 9001 standards.
- **Safety First:** Fostering a 'Zero Harm' culture under ISO 45001.
- **Sustainability:** Integrating ISO 14001 environmental practices into our operations.
- **Teamwork:** Collaboration is our strength among our 1,800 employees.

CORE EXPERTISE

We leverage a massive self-owned machinery fleet of over 1,000 units and a dedicated workforce of highly skilled professionals to execute specialized projects.

Roads & Highways

Comprehensive rehabilitation and improvement of provincial and national roads, advanced asphalt laying, and sustainable transport infrastructure.

Maritime & Dredging

Expertise in constructing fishery harbours, boat launching ramps, deep-water dredging, and coastal reclamation in challenging marine environments.

Water & Irrigation

Developing extensive pipeline networks, high-capacity water treatment units, and sustainable irrigation solutions for regional communities.

Landslide Mitigation

Specialized geotechnical engineering to stabilize vulnerable slopes, build complex retaining walls, and protect communities from natural disasters.

Manufacturing & Material Supply

To ensure uncompromising quality and timely delivery, we vertically integrate our operations through self-owned production facilities:

- **Asphalt Plants:** Producing thousands of metric tons for nationwide road projects.
- **M-Sand Production:** High-grade manufactured sand as an eco-friendly alternative.
- **Quarries & Aggregates:** Providing essential raw materials from multiple strategic locations.

LEADERSHIP

Mr. Ranjith Senadheera S.D.

Managing Director

B.Sc. Engineering (Hons), M.Eng. (IEM)

Mr. Ajith Priyantha Galahitiyawa

General Manager - Contracts

B.Sc. Engineering, Chartered Engineer

Mr. S.R. Gamage

General Manager - Operations

Diploma in Engineering (NDT), CEI Part
1 & 2
